### Herbfarm

#### "Gourmet Dining"

For years this restaurant was actually located at a farm. In 1997, however, the restaurant burned to the ground and was rebuilt at Willows Lodge in Woodinville. It proved to be a good thing in a way, as more people began to take notice of this stellar dining establishment. It has since been ranked consistently among the top American restaurants. The dining concept, dinner by reservation only for people who cherish succulent gourmet food, has not changed. Focus on freshness remains, with much of the ingredients coming farm-fresh from their own gardens. The food is French influenced with Northwest ingredients. The 9-course themed menu changes weekly and wines are selected to match each course, with more than 4000 bottles to choose from.
