Pike Place Market

"Famous Produce & Seafood Market"

One of Seattle's most famous landmarks, Pike Place Market is the oldest continuously working public market in the United States and one of the world's top 50 most visited attractions. Pike Place opened in 1907 as the city's first public market, expanding to keep up with its growing popularity as a convenient option for both shoppers and merchants. The market remains a veritable cornucopia of culinary and artisanal options, its crowded aisles and bustling halls thronged with customers jostled between vendors of fresh produce and gourmet eats, alongside fishmongers and craftsmen. The street level is dominated by the food and produce stalls, while the lower levels house a fantastic variety of shops including antique dealers, head shops, florists, and local artisans. A whirlwind of sights, sounds and aromas, Pike Place Market is nothing short of paradise for foodies and connoisseurs of unique wares.
