Virago Robata Grill & Sushi Bar

"Upscale Big City Sushi"

Virago Robata Grill and Sushi Bar is a top notch upscale spin on the normal sushi joint. Unlike many other Nashville sushi bars which are more function than fashion, Virago is all about the ambiance and the experience. The sleek, trendy atmosphere offers Nashville locals a little taste of the New York scene. The Gulch location and superb service go hand in hand with what is, without a question, some of the best sushi in town. A bit on the pricey side, it is perfect for special occasions and a girls' night out. Be sure to try some of the more unique rolls and do not miss out on Virago's outstanding cocktails. -Lynn-nore Chittom

The Patterson House

"Swanky Speakeasy"

The Patterson House feels like something straight out of the roaring 1920s. This swanky, classy lounge offers great drinks and fantastic atmosphere into the wee hours of the night. The fabulous mixologists, known elsewhere as bartenders, offer some of the best drinks in town. The food at The Patterson House is intended as a light snack to go with a great drink. While Nashville is known for its country clubs on music row, The Patterson House feels more like something from New York, Los Angeles or the Big Easy. When planning a trip to The Patterson House, be sure to dress up - the decor is stylish, and so are guests.
