Onyx

"As Sleek As Its Namesake"

This club is as sleek as its namesake, a polished precious stone in a world of rough rocks. The decor is ultra-retro and swanky, attracting a hip crowd in cool clothes and with even cooler attitudes. The bar is beautiful and made of onyx, which is really something to see. Live bands play here often and there is a healthy-sized dance floor for those who are interested in more than just posing with a martini.

Kensington Club

"Different As Day And Night"

This club is a true chameleon. By day, it is an unassuming little bar, a perennial hangout for locals. But by night, the atmosphere is as heavily charged as any of the trendy nightclubs of the downtown swanky scene. Guests dance the night away with live bands on weekends (from country to techno to swing) and weekday night DJs presenting the best in hip-hop. No food is served, but a full bar offers wine, beer and mixed drinks.

Blue Agave

"Salsa."

This terrific bar and lounge features great music of all kinds from salsa to techno to jazz to R&B. Saturday nights are the most popular and fun, when a Latin dance called Salsa Rueda takes over the house. There is a different theme each night. Sunday nights offer an after-hours event from 3am-9am. If things get too hot and spicy on the dance floor, you can move to the outdoor area where tired dancers go to rest.
