### Mayan Theater

"Historic Art House"

For years now the Mayan Theater, built in 1930, was a popular destination to catch art and foreign flicks. Landmark Theaters purchased the art house in 1986 and spent over USD2 million renovating the exterior facade and converting the interior into three separate theaters. Today, the theater shows the hottest and most daring independent and foreign films flooding the market. Noted for its Art Deco Mayan Revival style, the Mayan is one of only three theaters across the nation exhibiting this design. There is a cafeteria and lounge upstairs and you can even rent out the theater for private screenings, film events or gaming on the big screen!
