Cafe Fina

"Four-Star Seafood & Wine"

Since this four-star seafood restaurant is right on Fisherman's Wharf, the view cannot be beat. It specializes in Sicilian seafood and the photographs lining the walls depict the owners' fishing background. A variety of tasty fresh fish meals with pasta are available, but the cioppino (fish stew) is the specialty of the house and is terrific. The wood-burning oven cranks out some great steak and lamb dishes as well. The wine list is eclectic, topping out with the usual USD200 Dom Perignon and an Italian Red, Tignanello, Marchesi Antinore at USD132. The service is family-like and locals frequent the place on a regular basis. See website for menus, videos, and more.

Sardine Factory

"Restaurante de Mariscos Legendario"

Este restaurante, el favorito de turistas y habitantes de la zona desde hace mucho, tiene varias características especiales, y cada una con un atractivo propio. El bar de roble tiene casi 200 años, mientras que el salón Cannery Row está ambientado estilo pirta; el invernadero cobra vida con sus estatuas, y el salón Captain's Room captura el encanto de antaño de la Barbary Coast. En lo relativo a la comida, el restaurante también tiene muchas opciones; el "bisque abalone" (una especialidad local) es de fama mundial, y esta gran institución culinaria se especializa por ofrecer menús de estilo "diseñen su propio banquete". Más de 100 vinos los esperan listos en la bodega, que se puede reservar para grupos de hasta 16 comensales. Únanse a la lista famosa de celebridades que han cenado (y explorado) en el restaurante. Visiten el sitio web para acceder al menú y a la carta de vinos.
