Bellagio Gallery of Fine Art

"Arte clásico"

Esta colección es impresionante, incluso para aquellos que han visitado museos más conocidos de Nueva York y Europa. Se exhiben esculturas y pinturas de artistas de finales del siglo XIX a principios del siglo XX, con obras originales de Pablo Picasso, Claude Monet, Vincent Van Gogh y otros maestros europeos. El recorrido se aprecia mejor cuando se utilizan los auriculares de audio, que vienen con la entrada. Es necesario reservar mesa, ya que es una atracción muy popular.
