SOIL Art Gallery

"For the Love of Art"

Another feather in the hat for the artsy neighborhood of Pioneer Square, just South of downtown, this gallery explores the culminating local art culture. Showcasing contemporary works in form of paintings, drawings, sculptures, light based works, wax art, chocolate art, interactive media and sound installations, this gallery has already created a name for itself locally and nationally. And the fact that this non-profit organization is owned and operated by a group of local artists (members) shows how progressive the burgeoning art is today.

Equinox Studios

"Art Attack"

This is a place that is very difficult to define and categorize. Artists, who have different areas of specialization, all come together here and share their creativity. Housed in an industrial building dating back to the World War II era, this is a place where visitors can freely interact with the artists, who range from blacksmiths to photographers. This is more of an artistic community than a studio, one which encourages people to come and experience art first-hand. Do make an appointment with either the founder, Samuel Farrazaino, or with the specific artist you wish to meet, before dropping by.
