Joe's Great American Bar & Grill

"Great Food, Live Entertainment"

Though the name of this restaurant is quite a mouthful, its philosophy is simple: good food and live entertainment. With all the ultra-trendy bars in L.A. for people under 40, it's good to find one where all ages are welcome, including those of the older set. Affordable appetizers, burgers, sandwiches, salads, and soups round out the menu at Joe's, but the real reason folks keep coming back for more is the live music every night. You won't hear some obscure punk band coming out of the speakers. Blues, Rockabilly, Country, Jazz, Swing, karaoke, and classic Rock and Roll are featured every day of the week through great local artists and bands, so be sure to make use of the smooth wooden dance floor.

Skinny's Lounge

This happy-hour and Saturday night dance club Valley stalwart combines the earthiness of a dive bar with the retro charm of a 1970s cocktail lounge. It's all dusky lighting, plush leather, a slick stage, and a bar with the curves of a vintage Camaro. Weeknight happy hours are popular, as are weekend dance nights. On any given night, visitors might find amateur heavy metal fusion concerts, cabaret revues, DJs and fireworks, or classic rock concerts. A great option for a night out or drink with friends.

The Roxy

"Rock en live et foule en délire"

Autrefois considéré par le groupe Guns n' Roses comme leur demeure loin de chez eux, le Roxy est l'endroit parfait pour venir écouter quelques riffs de guitare et des voix rocailleuses. Fréquenté par les professionnels de la musique et les fans de rock, l'adresse dispose d'un énorme système de son, de plusieurs bars et de bonnes vibrations. Vous pourrez même sentir l'histoire de la musique dégouliner de ses murs. Pour ceux qui aiment le rock pur et dur, le devant de la scène se transforme très souvent en fosse géante. Les tarifs varient selon les groupes. C'est une adresse appréciée des adolescents. Il vous sera demandé une carte d'identité si vous voulez acheter de l'alcool.

Troubadour

"Musical Legacy"

The Troubadour is a pioneering rock-n-roll venue with a history that would make any music aficionado blush. Founded in 1957, the venue hosted Bob Dylan's early shows, Buffalo Springfield's first concert, and the US debuts of Elton John and Gordon Lightfoot. Legend has it that The Eagles met at the club, and that rock manager Herb Cohen discovered Tom Waits at an open mic night. Concerts are standing room only and usually quite intimate.
