### Westwood Restaurant & Pub

"Great Food and Drinks"

Since opening in 2002, the Westwood Restaurant & Pub has served up great food and drinks to their customers. There are over two dozen beers on tap, including a variety of local microbrews that aren't usually served at bars. Westwood also features a large menu that includes entree salads, burgers, sandwiches, pasta, steaks, and seafood. Try specialties like the Sicilian swordfish, which is seasoned with olive oil and lemon juice, and the prime rib, which is served on Thursday, Friday and Saturday. There is also a kid's menu available with dishes like chicken tenders.

### Brass Cat

"Great for a Drink"

The corner bar Brass Cat is a great place to head for a drink after a long day. This bar has the casual feel of a dive bar while still being very well-maintained. The regulars here are friendly to newcomers, and the service is very professional. In addition to a wide-ranging selection of beer, the bar features a jukebox, a pool table, and TVs. If you are a frequent visitor, you can join their Mug Club where you get to try dozens of different beers and get your own customized mug. Before going, be advised that this bar is cash only.
