Casa Concepción

"Luxury Meets Ruins"

The five rooms of Casa Concepción are an exclusive and spectacularly comfortable way to get up close and personal with Antigua history; the hotel abuts the ruins of the colonial-era Concepción Church and augments its special location with elegant and colorful decor. Ivy crisscrosses a wall above hand-painted tiles and a tasseled hammock, while a peaceful lounge showcases traditional carved figures on the mantle of the fireplace. Both standard rooms have private balconies, and both suites include Jacuzzis, while the apartment is completely equipped with a kitchenette, dining room, and living room. All rates include breakfast each morning, laundry service, wireless internet, and parking if necessary—the bathrooms feature a special touch of hand-made soaps and shampoos.
