### Sanremo

"Italian Beach Vibe"

The annual music festival in Sanremo, Italy is very popular in Russia, so it is no wonder that someone would name their restaurant after that town. Especially if it is an Italian restaurant. Sanremo in Sochi is noted not only for its cuisine but also for its seaside location, gorgeous views, and breezy vibe. The restaurant's designers aimed to create a unique "beach feeling," even covering the floor with sand for authenticity. The prices in Sanremo are quite high, but the food makes up for the price and the restaurant also serves as a venue for concerts of popular Russian musicians.
