## National Mall

"Mall of Memorials"

Part of the original design for the federal city, this massive park stretches from the US Capitol to the Lincoln Memorial and around the Tidal Basin to the Jefferson Memorial. It has played host to many momentous, world-changing events throughout history including the 1963 March on Washington, the Million Man March and several presidential inaugurations. Today, the National Mall serves as a place for reflection, a memorial to American heroes, a symbol of freedom and a forum for the exercise of democracy. The Smithsonian museums, the Vietnam Memorial, the Reflecting Pool and the iconic Washington Monument are some of the most well-known of the National Mall's many iconic sites. Certainly, any visit to Washington DC should start with a tour of the United States National Mall, aptly named "America's front yard."

## Great Falls Park

### "Breathtaking River Views"

The Great Falls Park, straddling both banks of the Potomac River, offers stunning views. The more attractive side of the park lies in Virginia. Rushing whitewater pours through steep, jagged crevices into a narrow gorge. Photographers, hikers, and nature-lovers will find much to enjoy here. The park offers many trails, and the towpath of the Chesapeake & Ohio Canal parallels the river. Fishing is allowed, but only with a valid permit. Kayaking, canoeing and rafting is recommended for experienced individuals only. The Maryland side also features Great Falls Tavern with displays of canal history. One-hour round trip barge excursions are offered on a restored stretch of the canal seasonally.
