### Hotel Gault

"Five-Star Comforts"

Hotel Gault is an exquisite boutique hotel in Montreal with an industrial contemporary look. The rooms are large, open and airy, minimalistically furnished with futuristically designed 1950s Eames chairs and concrete floors. Heated bathroom floors, plush robes, and the café au lait delivered to your doorstep are some pleasures you can't get enough of! The huge plasma screens go well with the decor and the designer bathrooms look right out of a home and decor magazine. There is a fitness center for those who want to stay fit. Whether you visit for business or pleasure, do make time to cozy up by the fireplace in the lounge. For more information, check out their website or call toll free at +1866 904 1616.
