The Boom Boom Room

"Dinner and Variety Show"

The Boom Boom Room offers its diners an experience like no other. Although the French delicacies which are cooked in a contemporary style and the zippy craft cocktails offered at the bar are more than up to par with the highest expectations, it is the variety show which takes place while one dines which really attracts the crowds. From singing acts to high-flying aerial acrobatics, the show runs the gamut. Entertainment also includes burlesque, old-school singing acts, side-splitting comedy sets and a number of specialty performances. For a unique and lively dinner date, this is the perfect destination.
