Pizzeria Toro

"Wood Fired Pizza"

Even though the place is named Pizzeria Toro, the salads at this new joint at a must try. Patrons have specially recommended trying the fresh and zesty kale salad with tender leaves that will leave your mouth watering. Other things to try are the wood-fired pizzas with a crisp, thin crust and a sumptuous amount of toppings. Vegetarian options are ample so you need not worry and do try something from their drinks menu to accompany your food.

Lilly's Pizza

"Organic Pizza"

Lilly's Pizza in vibrant Five Points is a local pizzeria serving organic pies topped with fresh, locally-sourced ingredients. Everything from the dough to the sauce is made from scratch daily, and the menu has plenty of healthy and vegetarian options to choose from. Lily's sets itself apart by using only stone-milled flour from Lindley Mills, and vine-ripened tomatoes add an extra boost of flavor to the sauce. All-natural meats mean a healthier and more sustainable food culture philosophy, one Lily's lives by. Accompany your pizza with a pint of beer or bottle of wine; there is a wide selection to choose from. The casual vibe, art-filled interiors with walls decked with works of local artists (available for purchase), and carefully crafted menu have boosted this lively eatery to the top of Raleigh's food chain.
