Cuero & Flor

"Leather Bags & Luggage"

Cuero & Flor means Leather and Flower in Spanish. While the "flower" part of the name is slightly misleading, the "leather" part is spot on. Everything in this shop is made of fine leather. The smell will get you as soon as you walk in and you can feel the quality of each bag or piece of luggage. The "flower" part of the name is likely meant to portray the feminine side of this small boutique. -Rease Kirchner
