### Dim Sum House

"Dim Sums & Asian BBQ"

The Dim Sum House is home to a wide variety of dim sums, on the Vilbeler Straße. Offering plenty of choices it charges a fair price for its delectable offerings. The Har Gau dim sums, with a shrimp filling come highly recommended. Also on offer are a number of other Chinese and Asian dishes like Hong Kong-style grilled pork and grilled duck. The kitchens use authentic recipes and fresh, local ingredients and the service here resorts to a friendly demeanour, while not compromising on efficiency.

### Jade Asian Food

"Fantastic Asian Cuisine"

Jade is a quaint little place on the block serving great Asian dishes. This restaurant is not much in terms of ambiance but they certainly make up for that in their food. Simple decor contrasts with the highly flavorful food and the fabulous service that you experience here. They pay a lot of attention to details and their emphasis is on wok dishes with a special section of dumplings and dim sums.
