Downtown Miami

"Miami's Central Business District"

One of the prime neighborhoods of Miami, Downtown Miami, is not just the business district of Miami. In fact, this hub of activity holds various scenic attractions, too. The downtown area is personified with skyscrapers, the Miami River, which runs through it, and, of course, its nightlife. Visitors to Downtown Miami can be sure that their time spent here will never be dull.

Villa Vizcaya

"Una splendida villa"

La villa Vizcaya è una splendida tenuta appartenuta all'uomo d'affari James Deering, ed è un sontuoso complesso del XX secolo che comprende giardini rinascimentali italiani, strutture storiche. Parte della tenuta è composta anche da un paesaggio formato da una foresta autoctona. Il museo della villa riporta i visitatori indietro nel tempo e permette di esplorare la splendida architettura, gli arredi europei e altri dettagli del suo passato. Nel corso degli anni, questa villa signorile ha fatto da sfondo a numerosi film e soap opera hollywoodiane, tra cui Ace Ventura: l'acchiappanimali, Iron Man 3 e Il tempo della nostra vita.

South Beach

"Il gioiello di Miami"

Benvenuti nel luogo preferito di tutta Miami. South Beach si riferisce alla località, oltre che alla spiaggia stessa. Storicamente, questo è stato il primo quartiere di Miami Beach a essere completamente urbanizzato durante i primi anni del XX secolo, quando fu costruita la maggior parte dei magnifici capolavori art-deco che si possono ammirare oggi. Il comune ebbe un'impennata in termini di importanza durante la seconda guerra mondiale, quando Miami Beach fu scelta come centro nevralgico dell'aeronautica militare degli Stati Uniti. Oggi South Beach è considerata da tutto il mondo come una delle principali destinazioni per le vacanze nei tropici, con le sue spiagge incontaminate di sabbia dorata, i lussuosi resort sull'acqua e la vivace vita notturna. Il Lummus Park, il Miami Beach Golf Club e l'iconica Ocean Drive sono alcune delle attrazioni imperdibili di South Beach.

The Barnacle Historic State Park

"Historic Miami Home"

Unlike many of South Florida's state parks, Barnacle State Historic Park is centrally-located and easily accessible by automobile. Just off the main street in trendy Coconut Grove, this five-acre (2.02 hectare) historic site offers visitors a glimpse into a past full of beauty and luxury. This stately structure was originally the home of Ralph Middleton Munroe, a landowner and yacht enthusiast who hailed from New York. Before and after Munroe's passing, measures were taken to assure that the property reflected South Florida's culture and blossoming heritage. Guests can tour Munroe's home or explore the lush land outside. The park also offers ample amenities for wildlife watching and picnicking.

Venetian Pool

"Swim in Luxury"

The picturesque Venetian Pool is truly a one-of-a-kind attraction. This public swimming pool, chiseled out of a coral rock quarry in the 1920s, looks like a natural rock formation, except that no natural rock formation could be so perfectly suited to human enjoyment. This historical landmark is a work of art with its gushing fountains, coral caves and waterfalls. The 820,000 gallons of cool, refreshing spring water are replaced daily. Tours are conducted here.

Cape Florida Lighthouse

"Oldest Lighthouse in the Area"

Built in 1825, this 95-foot (28.95-meter) lighthouse is the oldest building in south Florida. It originally guided sailors through the dangerous waters along the Straits of Florida. Although it was removed from service many times during various wars, it has weathered the years extraordinarily well. The US Coast Guard has used it as a navigational device for the past 25 years. The lighthouse is part of Bill Baggs Cape Florida State Park. Guests can take guided tours or explore the Cape Florida Lighthouse by themselves.

Coral Castle

"Mitica struttura architettonica"

Per anni questa fenomenale opera d'arte ha affascinato persone di tutto il mondo. Il creatore del Coral Castle ha scolpito il suo mondo fantastico nella pietra usando solo strumenti fatti in casa. Lo scultore lettone-americano Edward Leedskalnin ha impiegato più di due decenni per creare il Coral Castle. Si pensa comunemente che il castello sia stato costruito in corallo, ma in realtà è stato scolpito in calcare oolitico e non è stata utilizzata alcuna malta. Il complesso del castello comprende una meridiana, un telescopio polare, mobili, ecc. Questo luogo è un'importante attrazione turistica ed è la testimonianza degli immensi sforzi di Leedskalnin.

Parco nazionale delle Everglades

"Splendida natura subtropicale"

Il Parco Nazionale delle Everglades ospita un ecosistema particolare all'interno della sua enorme distesa fatto di un labirinto apparentemente infinito di zone umide subtropicali. I tratti di palude lussureggiante del parco sono caratterizzati da una rete di mangrovie e da un habitat adatto alla riproduzione di una serie di uccelli trampolieri e varie specie di fauna selvatica. Le zone tropicali oscure e profonde sono avvolte da fiumi coperti da erbe e fitte paludi che ospitano il famoso alligatore americano, il lamantino dei Caraibi, centinaia di specie aviarie e la sfuggente pantera della Florida. Le foreste tropicali di hammock fanno da rifugio ideale per i rettili, mentre le praterie umide con acqua salmastra favoriscono la crescita di piante grasse come le salicornie. Anche se problemi attuali quali il riscaldamento globale e l'innalzamento del livello del mare incombono come minacce considerevoli per il fragile ecosistema del parco, le Everglades continuano a essere una fonte costante di bellezza e meraviglia per tutti coloro che le visitano.
