Blackbird

"Artisanal Breakfasts & Sandwiches"

One of the best places for breakfast and sandwiches in town is the Blackbird. Though the interior is narrow, they have utilized the space well and turned it into a chic eatery with silver gray walls, flower arrangements, birdcage chandeliers and scented candles. You can also choose to dine alfresco in their small patio outside. Though their menu is small with salads, sandwiches and a soup, it keeps on changing regularly, giving the diners a refreshing twist to their hearty meals. Their creative fare is delicious and generously portioned. Besides these, they also serve excellent tea such as Rose Green Tea and English Breakfast Tea. Some of their specialties include tapas for breakfast, smoked ham sandwich and brie sandwich. You can opt for the breakfast baskets for take out as well.
