Osaka International Peace Center

"A Message of Peace for Future Generations"

Located close to Osaka Castle, the Osaka International Peace Center opened on International Peace Day, September 11, 1991, with the aim of preserving the memory of wartime misery and transmitting a message of peace to future generations. The center exhibits a large variety of historical items, including a reproduction of a one-ton bomb dropped by the U.S. Air Force on Osaka during World War II. The displays comprise both actual artifacts and reproductions.

Tsūtenkaku

"A Symbol of The City"

Ask Osakans what more than anything else symbolizes their city and the majority will tell you with pride that it is the Tsutenkaku Tower. Although the original tower, which was built in 1912, was destroyed in 1943, it was rebuilt in its present form in 1956. At 103 meters tall, the present tower offers a superb view of the whole of the city from the observation platform. The tower is actually located in the old downtown area and is surrounded by 'stand-and-eat' stalls and inexpensive clothing stores.

Osaka Tennoji Zoo

"Animals in Natural Surroundings"

The zoo is located in Tennoji Park, southwest of the Shitenno-ji Temple, one of the oldest Buddhist temples in Japan. The park also has a circular garden called Keitakuen. The Tennoji Zoo, opened in 1915, houses 1,401 animals, including koalas, pandas, kiwis, reptiles, birds, mammals and a Tasmanian devil, which you cannot find in any other zoo in Japan. There is also a separate bird sanctuary, a reptile house that duplicates a natural environment and a hippopotamus. Pamphlets in English will help you find your way around this wonderful facility. Admission is free for junior high school students and younger than that.

Universal Studios Japan

"Un parco a tema cinematografico"

Ricco di giostre e attrazioni, gli Universal Studios Japan dà vita al mondo del cinema. Il parco a tema è il terzo della famiglia Universal Studios e il primo aperto al di fuori degli Stati Uniti. Qui, il "Mondo Magico di Harry Potter" ricrea il mondo immaginario di J.K. Rowling, che permette ai visitatori di lanciare i propri incantesimi e sorseggiare la burrobirra. Altre attrazioni sempre attuali includono un giro al Jurassic Park, montagne

russe virtuali e set cinematografici che permettono di sbirciare dietro le quinte per vedere come vengono creati gli effetti speciali su schermo. All'interno di questa enorme area si trova una serie di attrazioni a tema ispirate alle città di New York e San Francisco e a personaggi molto amati come Hello Kitty e i Minions. Ci sono inoltre una serie di ristoranti a tema cinematografico. Gli Universal Studios Japan catturano l'immaginazione di grandi e piccini.

Sumiyoshi Taisha Shrine

"One of Japan's Most Famous Shrines"

Sumiyoshi Taisha is one of the most famous shrines in Japan—so much so that shrines with similar names can be found all over the country. This shrine has a very long history and is widely venerated as the home of the guardian deity of sailors. Passing under the enormous archway gate, you come to the taiko bashi, or "drum bridge," for which the shrine is especially renowned. The bridge gets packed with masses of people on New Year's Day and other celebrations. Events are staged at the shrine all year round; New Year's and summer festivals are the most important ones.

Acquario di Osaka

"Mari di divertimento"

Una delle attrazioni più visitate della città, l'acquario di Osaka è una tappa obbligata del vostro itinerario cittadino. Gli ambienti naturali della "cintura di fuoco" del Pacifico, il perimetro vulcanico che circonda l'Oceano Pacifico, sono stati ricreati in 14 taniche separate e popolate da oltre 35.000 esemplari che rappresentano più di 380 specie nell'acquario. Situato nella zona portuale della città, al centro dell'acquario si trova un'enorme vasca di nove metri di profondità, che rappresenta l'Oceano Pacifico. Una serie di animali, tra cui lontre, foche e leoni marini, popolano diverse esposizioni. Gli orari di apertura sono stagionali, quindi si consiglia di informarsi per tempo.

National Museum of Ethnology

"Fascinating Displays About World Cultures"

The National Museum of Ethnology, or "Minpaku," was established in 1974 to provide the general public with in-depth information on people, societies and cultures throughout of the world. The museum also serves as a research institute for ethnological studies, drawing scholars from universities and academic institutions in Japan and other countries. In addition to its permanent displays, the museum regularly mounts special exhibits on various themes or topics. The museum's collection of ethnological artifacts presently numbers more than 220,000 and is increasing annually.
