### Broken Shaker

#### "Interesting Cocktails"

The Broken Shaker, located in the Freehand Miami Hostel, began as a pop-up bar, and got so popular that they set up shop permanently. The specialty cocktail menu changes with frequency, according to the fresh ingredients they have on hand for the day, week or season. Many of the ingredients are grown at the bar's very own herb garden. Grab a seat in the cozy bar or on the beautiful brick patio and gardens to enjoy your signature creation.
