12inch

"Musical Gem"

Tucked into an alleyway between Cafe Gossip and Flugbörse, a travel agency, 12inch evokes nostalgia with its 1980s vinyl maxi record collection. Genres include pop, rock funk, soul and disco, among several other alphabetized categories. While CDs are neatly stacked and labeled along the walls, disco lights are suspended from the ceiling as a gentle ode to the musical eighties. 12inch sells and buys records, and therefore the shop also stocks a variety of secondhand albums and singles.
