Hotel Brasserie au violon

"A Reformed Lifestyle"

Once a home for wayward and troubled youths, this charming hotel is also an excellent French brasserie. The rooms, former cells, aren't terribly large or sunlit; in fact they are refurbished with modest amenities. All the rooms have been designed with warm, earthy tones, and this combined with the sleek simple lines nicely complements the very elegant 'Shaker' furniture. The professional staff assures you have a comfortable stay.
