Tortilleria Original de Zacatecas

"Authentic Mexican Tacos From Across the Border"

This family-run establishment has recently gained some publicity appearing in a section of the state-wide magazine, Texas Highways. Offering a menu of authentic Mexican items and meats, this tortilla shop is nowhere close to what Texans have coined Tex-Mex. This is across the

border authenticity. Most people stop by for the tortillas and sauces, but others come for the more ethnic meats including barbacoa or the more popular al pastor. Can't read or pronounce the menu in Spanish? Someone there can help as everyone is more than helpful. Don't let this hole-in-the-wall outward appearance stop you from a culinary trip to Mexico.
