Britannia Arms Almaden

"Beer, Food, Soccer"

This authentic British pub and restaurant caters to soccer fanatics in the daytime and the singles bar crowd at night. Sample traditional British dishes such as Bangers and Mash or Fish and Chips. There are many screens for sporting events, and the selection of drafts and single-malt scotches is impressive. Eat and watch the games outside on the patio or inside the air-conditioned restaurant. Admission is free at night but varies for the live-telecast soccer events from the U.K., which are always presented during the early morning hours.
