Kancamagus Highway

"Magnificent Autumnal Drive"

Kancamagus Highway is the scenic eastern strip of the New Hampshire Route 112 and is popular for long drives. This road strip stretches through the White Mountain National Forest for 32 miles (51 kilometers), along the banks of the river Swift. The path is flanked by tall coniferous trees with the river flowing softly on one side and bluish mountains yonder. In spring, the trees wear a fresh look, but during autumn the landscape breaks into myriad shades of yellow, orange, red and brown, bathing the entire region in breathtaking natural beauty. The river bed contains plenty of rocks and pure white sand and one can see numerous waterfalls and bridges while driving through this path. September to November is the best time to hike, cycle or bike through the road.

Diana's Baths

"North Conway's Popular Attraction"

Diana's Baths is a must-visit attraction for nature lovers. Set within the White Mountain National Forest, Diana's Baths features several cascading falls. In the 1800s, this historic site was home to a sawmill that was previously managed by the Lucy family. A popular draw in the summer, this oasis even features stunning rocks and ledges. The diversity in its landscape attracts kids as well as adults to this place all year round. Visitors can get away from the bustling city and indulge in outdoor activities like hiking and swimming.

Cranmore Mountain Resort

"Historic Mountain Ski Resort"

Cranmore Mountain Resort is a ski area in winter and an adventure park in summer. This resort was founded by a local businessman named Harvey Gibson in the year 1937. There are over 200 acres (80 hectares) of terrain and has 54 trails serviced by 9 lifts across different levels of ability. This resort operates as an adventure park in the summer months. Activities like zip lines, summer tubing, bungee trampoline and hiking are carried here during that time of the year. Over the year, this resort has undergone a lot of refurbishment and improvements. It is a popular recreational ground for locals as well as tourists in North Conway.

Echo Lake State Park

"Popular Picnic Spot"

Echo Lake State Park is a popular spot for family recreation. It features a scenic trail surrounding the lake, as well as hiking and rock climbing amenities to White Horse and Cathedral ledges. The view from the top of the Cathedral ledge overlooking the Saco River Valley is mind-blowing. Some of the popular activities in this park include fishing, hiking, swimming and boating (boats without motors). It is a favorite outdoor recreation destination among locals and tourists alike.

Settlers' Green

"North Conway's Shopping Capital"

In operation since 1988, Settlers' Green is the best place in town for tax-free outlets, which is its major draw. Stroll through this center, which is laid out like a village, where you will find up to 70 branded stores, ranging from boutiques and high end brands, to more economic options. From fashion to lingerie, footwear to accessories and home decor to gifts, there is lots to explore at this wonderful place, which also features a host of fine dining restaurants. Moreover, the center is also the beacon of the local community, which often hosts events and art installations around the area, adding an extra visual treat for the visitors.
