### Charles Playhouse

"Two Levels of drama"

Looking for a lively and interactive bit of theater? This playhouse may be the ticket. It is home to two long-running theatrical productions. Boston's longest-running production, Shear Madness debuted here in 1980. Since then, more than 5 million people around the world have seen the much-acclaimed whodunit set in a 1960s-era hair salon. Blue Man Group is a wildly popular production featuring three actors covered in blue paint who cavort about the stage accompanied by loud rock music and plenty of audience interaction.

## Leader Bank Pavilion

"Waterfront Pavilion"

This Boston performance venue is an open-air amphitheater that has a seating capacity for 5000 persons. The original venue was located on Fan Pier but was squeezed out due to development projects in that area. Between its relocation and a few name changes, it continues to remain one of the city's most iconic arenas. Summer concerts feature top names in the entertainment business such as the Beach Boys, The Temptations and Donna Summer.
