### House of Blues

"House of Sweet Noise"

A popular chain of concert venues, House of Blues is no foreigner to regular concert-goers. The San Diego venue offers pretty much the same experience as other HOBs around the country, but word is that the sound quality excels. The likes of Jakob Dylan, The Greyboy Allstars, The Fab Four, Switchfoot, and De La Soul, have performed here. Running up to 15 shows a week sometimes, the venue has garnered sufficient attention in spite of being around for barely one year.

### The Casbah

"Hot Spot for New Music"

This club is a prime spot to hear new and cutting edge music in San Diego. Bands such as Nirvana, Smashing Pumpkins and Alanis Morissette have been among the previous guests. Local bands play here as well, primarily featuring a punk-rock flavor. In addition to music, the club offers pool tables, an enclosed smoking patio, vintage pinball and video games. A stage and dance floor provides plenty of room to dance. Meanwhile, the full bar serves a long list of beverages.

### Brick By Brick

"Cutting Edge Entertainment"

Featuring cutting edge live music, this is a popular hot spot in Old Town San Diego. In fact, when this place was known as Spirit Club, it hosted the then-unknown band called R.E.M. The stage continues to seek talent in rock, blues and alternative modes of music to provide live entertainment for San Diego locals and tourists. With a varying entertainment schedule, guests are advised to call for previews of upcoming entertainment on the telephone hotline. A full cash bar is available.

## Winstons

### "Live Music Daily"

Winstons is San Diego's leading live music destination where you can catch bands playing every night of the week. Music from genres like jazz, soul, RnB, pop, bluegrass and rock is featured. The bar always has Happy Hour except when there's live entertainment. With great lighting and sound systems, this place doubles as a nightclub. You can also book the venue for any event, concert and live entertainment shows. Call ahead for exact timings.
