Isseido Shoten

"Wonderful, Old & Rare Books"

Jimbocho, or 'old book town', gets its name from the 140 secondhand bookstores located in the Kanda area. There are also 30 bookstores specializing in new publications, and nearly 500 publishing houses, one of them being the Isseido Shoten. Since many of Japan's foremost universities are located in this area, this bookstore is even more significant. A trip to Jimbocho wouldn't be complete without a stop at Isseido Shoten, known for an extensive collection of old and rare books and manuscripts. Browse for bargains or just to soak up the rich wealth of stored knowledge. English volumes as well as Japanese editions are available.
