### Hyatt Regency Baltimore

"Premium Downtown Accommodations"

This 14-story hotel, with its striking mirrored windows, has been an Inner Harbor fixture since the early 1980s. In fact, Hyatt Regency Baltimore was among the first major hotels to open at the Inner Harbor, and it's still one of the best. Linked by skyways to the Convention Center and Harborplace, it's more than conveniently located, and the views it offers of the harbor can't be beat. Plus it features two great restaurants: the cigar-friendly Bistro 300 and Pisces, which features live music on the weekends.
