"Shopping on the Pier"

The Playground at Caesars does not merely constitute a shopping and entertainment hub; it is a very major tourist attraction, considering its location on the ocean. Connected to Caesars Atlantic City by a bridge extending from the second floor, the center is hard to miss. Housing several local and international brands, it has a lot for you to choose from. On-site restaurants will ensure that the energy levels don't drop, and you can shake a leg on the dance floor or just relax in the lounge—you're sure to enjoy a visit here!
