### Café Venetia

"Espresso Done Right"

Cafe Venetia is a coffee shop that pays serious attention to detail. Beans are specially imported just for del Doge; in the past, small amounts of Cameroon Arabica coffee and Caribbean beans have been featured. The shop is known for its skilled baristas, who make some of the best cappuccinos in the area complete with latte art on top. Along with standard espresso drinks, the cafe offers more unique choices such as hot chocolates, affogato (vanilla ice cream and espresso), Caffe Pedrocchi (espresso with mint cream layered on top) and giacometto (espresso, cocoa, textured milk and ground hazelnut served in a martini glass lined with chocolate hazelnut spread).
