Bumble and bumble

"Let Your Hair Down"

This salon and hair-product haven has all the lure and glitz your heart could possibly desire, but it's the cuts and zany make-up service that draw customers. On a good day, a visit here can lift your spirits and if you consider the location and service, the prices are justified. Bumble and bumble is known for its great color jobs, but the staff can get a little pushy when it comes to the products on sale. All-in-all a good place to go for a good hair day.

Bon Bon Salon & Spa

"Great Salon & Spa"

Bon-Bon Salon Spa has a little of everything. It is a full-scale hair salon, offering a range of treatments for men and women. It is also a day spa where you can treat yourself to a number of relaxing treatments. The facials thoroughly hydrate and cleanse your skin, leaving it looking fresh. The body treatments, be it the sea salt glow or the chocolate body scrub, completely exfoliate your skin. You can also combine many of these treatments into one complete package, like the Cleopatra Day of Beauty or the Royal Roman Experience.
