Photo Walks

"Boston through a New Lens"

Take a photographic journey around some of Boston's historic sites. This walking tour company specializes in leading camera-happy groups around the city to see and capture some of the best locales. Photo Walks offers private tours, scavenger hunts, night tours, private photo lessons and more. See the exclusive Beacon Hill neighborhood with its 19th-century brownstones, the Public Garden and Boston Harbor for panoramic views and the Freedom Trail's historic sites. It's a great way to see Boston come alive, along with instruction on simple and creative photo techniques.

Caminho da Liberdade

"Caminhando pela História Americana"

Uma artéria fundamental do centro de Boston, a Freedom Trail é um caminho sinuoso que percorre alguns dos marcos mais significativos do país. Pontilhada ao longo do curso da trilha está um grupo de locais que serviram como cenário para eventos icônicos, como o Boston Tea Party e o Passeio da Meia-Noite de Paul Revere. Mantida pelo Parque Histórico Nacional de Boston e pela Comissão do Caminho da Liberdade, ela é pontilhada por igrejas, cemitérios e edifícios que têm uma importância monumental. Alguns dos locais importantes ao longo da trilha são o Antigo Palácio do Governo, o Faneuil Hall, a Antiga Igreja do Norte, a Casa da Reunião do Antigo Sul, o USS Constitution, o Cemitério de Copp's Hill e a Casa de Paul Revere. A trilha geralmente começa no Boston Common, seguindo até o Monumento de Bunker Hill. Navegando com orgulho pela extensão da cidade, o Caminho da Liberdade conta histórias emocionantes do glorioso passado do país.

Franklin Park Zoo

"Enticing Animal Acquaintances"

Franklin Park Zoo has numerous habitats with exotic animals from all over the globe, including a tropical forest with gorillas, warthogs, tapirs and bats. Hit the Outback Trail to view kangaroos, wallabies, emus and cockatoos. Exciting encounters with lions, zebras, ostriches, and butterflies are also possible. The Franklin Farm exhibit features a petting zoo for children and a chicken hatchery. The zoo also has different picnic areas where you can enjoy a quiet picnic with your loved ones or you can also hit the Giddy Up Grill and choose from a wide variety of options to soothe your appetite.

Arnold Arboretum

"Acres Of Botanical Marvels"

Arnold Arboretum, a botanical garden, located in Jamaica Plain, is the crown jewel in Frederick Law Olmsted's Emerald Necklace, which is the chain of Boston parks that he created. The manicured grounds, under the management of Harvard University, are filled with exotic flora that are tagged with species and genus names for the eager amateur botanist. The annual 'Lilac Sunday' during the second week of May draws thousands of visitors to enjoy the beauty of lilac bushes. Whether you are looking to take a break or learn something new, Arnold Arboretum will surely strike a note in your heart.

Boston Nature Center and Wildlife Sanctuary

"Hospital Turned Wildlife Sanctuary"

The Massachusetts Audubon society transformed the former Boston State Hospital into a urban sanctuary with miles of wheelchair-accessible trails ideal for hiking and bird watching. The George Robert White Environmental Conservation Center on the sanctuary grounds offers weekly environmental education programs for local school children. The center is considered one of the greenest buildings in Boston and strives to teach environmental sustainability to all visitors. Rather than charge for admission the sanctuary kindly asks for a donation instead.
