O Alamo

"Historical Shrine of Texas' Independence"

Originally the Mission San Antonio de Valero, the Alamo is by far the most famous historical site in Texas, playing a significant role in Texas' quest for independence from Mexico. Under the command of Col. William Travis, 189 Texan soldiers bravely defended this fort for 13 days before finally succumbing to Santa Anna's massive Mexican army in early 1836. The chapel and the Long Barrack are all that remains of the fort. Saved from civilian apathy by the Daughters of the Republic of Texas, the mission is now a museum containing relics from the era. Narrated tours are available.

San Antonio River Walk

"The Essence of San Antonio"

When you think of San Antonio, two things automatically come to mind: the Alamo and the River Walk. The River Walk was conceived in 1929. Downtown had serious flood problems, and Robert Hugman suggested that the city turn the San Antonio River into an asset rather than a hindrance. Hugman's brainchild has since become the essence of the city. The city's most popular attraction, it is often crowded and filled with children, partygoers, tourists and locals. In the heart of the River Walk is an area filled with restaurants, shops and nightclubs, punctuated by fountains and towering Cypress trees. The River Walk is particularly lively during Fiesta.

Tower of the Americas

"Large Tower Overlooking Downtown"

What a sight to behold - glass-walled elevators ascend more than 500 feet (152.4 meters) to the observation deck, providing panoramic views of the city. Standing a total of 750 feet (228.6 meters) tall, the tower was constructed for HemisFair, the 1968 World's Fair and symbolizes the progress made by the people of the Western Hemisphere. Soaring as if calling out to the skies, this imposing tower watches over San Antonio's dynamic cityscape. The tower greatly frames the contemporary tenor of downtown San Antonio and is crowned by an observation deck and a revolving restaurant. A stunning embodiment of architectural magnificence, the Tower of the Americas is an indelible present-day landmark of the country.
